

BOREHOLE INSTALLATION

All borehole applications are done through Midvaal Municipality

The application needs to include the following:

- Borehole configuration
- Sketch site plan
- Borehole location
- Water sitting report

NB- Please also note that anything below the blue line on the Map has been restricted by the NHBRC for drilling of borehole, should your property fall under the line on this Map we won't allow you to drill even if approved by Midvaal.

Please consult Midvaal Municipality for the full extent of the requirements.
